

**AMENDED: March 21, 2024**  
**EFFECTIVE: March 21, 2024**

**ADDENDUM**  
**OFFICIAL GAME RULES**  
**QUICK DRAW PROGRESSIVE GAME RULES**  
**MULTIPLIER**

The following rules have been adopted by the New Jersey State Lottery Commission pursuant to the authorization contained in N.J.S.A. 5:9-7 as an addendum to the rules governing the Quick Draw Progressive Game to govern the operation of the “Multiplier” Add-On.

Unless otherwise defined or the context clearly indicates otherwise, all capitalized terms used in this Addendum shall have the same meaning as defined in the Official Quick Draw Progressive Game Rules. The Multiplier Add-On will be administered under the Quick Draw Progressive Game Rules except as herein provided. The additional rules are as follows:

**1. DEFINITIONS**

**Multiplier** – means an optional Add-On that gives Players the opportunity to multiply Prizes won as a result of the base Quick Draw Progressive Drawing by one (1), two (2), three (3), four (4), five (5) or ten (10) times (excluding the Progressive Jackpot Prize), depending upon the Multiplier number drawn in connection with the particular Quick Draw Progressive Drawing.

**Quick Draw Multiplier Prize Pool** – means the portion of Multiplier gross sales set aside for the payment of the Prizes. The Quick Draw Multiplier Prize Pool for any Drawing is expected to be 61.35% of gross sales allocated as follows: approximately 58.85% to fund the Quick Draw Multiplier Prize Pool and exactly 2.50% to fund the Progressive Jackpot Prize Pool.

**2. GAME PLAY**

- a. The Multiplier Add-On may be purchased for double the Player’s base Wager cost or multiples thereof in the case of a Multi-Draw Wager, at the discretion of the Player.
- b. Prior to each Quick Draw Progressive Drawing, a Multiplier number will be randomly selected and designated as the Multiplier number in connection with the particular Quick Draw Progressive Drawing. The Multiplier number selected during each Drawing is generated by a computer-driven random number generator.
- c. All Quick Draw Multiplier Prizes may be Pari-Mutuel if claims exceed the available Quick Draw Multiplier Prize Pool.
- d. The Multiplier numbers available for random selection in connection with each Quick Draw Progressive Drawing are: one (1), two (2), three (3), four (4), five (5) or ten (10).

The Multiplier number will be drawn immediately prior to each Quick Draw Progressive Drawing in a manner determined by the Director.

e. The Multiplier numbers may be modified, and/or their frequencies may be redistributed, for promotional purposes at the discretion of the Director.

f. The Multiplier numbers are as follows:

Multiplier	Frequency	Probability	Odds
10	1	1.25%	80.00
5	3	3.75%	26.67
4	5	6.25%	16.00
3	5	6.25%	16.00
2	34	42.50%	2.35
1	32	40.00%	2.50
Total	80		
Average Multiplier	2.00		1.67
Average Payout	58.85%		

g. BULLSEYE and/or Double BULLSEYE Prizes cannot be multiplied.

h. Quick Draw Progressive Jackpot Prizes cannot be multiplied. Only base Quick Draw Progressive Prizes are eligible to be multiplied. All Prizes based on \$1.00 Wager.

### **3. PRIZE STRUCTURE**

- a. The Prize level within the Quick Draw Progressive prize structure is determined by:
- i. Number - Spot Game played (for example, a 4-Spot Game)
  - ii. Total count of selected numbers matching the Winning Numbers.
  - iii. Highest Prize Won. In a single Drawing, excluding Quick Draw Progressive Jackpot Prizes, a Claimant shall be entitled only to the highest Prize won for the Player's Wager for that Winning Play.

Approximate odds of winning with Multiplier are shown below:

10-Spot:

Pick 10 Numbers					
	Base Game			Average (2X)	
Match	Odds	Amount	Payout	Prize	Payout
10	8,911,711	\$100,000	1.12%	\$200,000	1.12%
9	163,381	\$5,000	3.06%	\$10,000	3.06%
