## Two Times the Luck for Newark Lottery Player

*Scratch-Offs Players Received More Than \$108 Million in Prizes in August*

**TRENTON (Sept. 19, 2019)** – Two-time jackpot winner Freddie R. of Newark is a regular New Jersey Lottery Scratch-Off player with a lucky streak like no other. Freddie last struck it big with a \$2,000,000 prize on a [Platinum Diamond Spectacular Scratch-Off back in July 2017](#). While claiming his first prize, Freddie told NJ Lottery that he intended to keep playing and winning!

Lately, Freddie felt that he hadn't had as much luck with his usual games, so he switched it up and purchased a variety of new games, including the \$250,000 Crossword game, before heading home to see if his luck had changed.

On his last two tickets, Freddie scratched to reveal the barcode and scanned the ticket with the NJ Lottery app on his phone. The first of those tickets looked good – a \$50 prize. The final ticket left Freddie in shock – it was for the jackpot of \$250,000!

While at Lottery Headquarters, Freddie told Lottery officials he was still in shock. Despite having first-hand experience at winning a big prize, he still couldn't believe he won the jackpot again. Freddie had originally planned on retiring, but has decided to continue working a little while longer while banking his prize for a comfortable retirement.

The Lucky New Jersey Lottery retailer that sold the winning ticket was C-Town Supermarket, 910-18th Ave., Newark in Essex County.

New Jersey Lottery players claimed more than \$108 million in prizes playing Scratch-Off games in August. Below is a listing of the top prizes over \$10,000 won for the month.
