Pick-3's Green Ball Drawing Comes Out "2-2-2" Setting Single-Day Payout Record

Over $2,000,000 in prizes awarded to Pick-3 players Tuesday

TRENTON (Nov. 12, 2026) – A true second-chance for all Pick-3 players Tuesday night as the Green Ball was pulled after the November 10 evening drawing, allowing another set of winning Pick-3 numbers to be drawn. 2-2-2 popped up in the machine across all the drums, setting off a wave of winning tickets throughout the state. This 2-2-2 result alone generated over $1.3 million in incremental prizes, the largest ever won in a single drawing.

Across the November 10 midday, evening, and Green Ball drawings players won more than $2 million total – setting New Jersey Lottery Pick-3's new single day prize payout record.

Tuesday's midday Pick-3 results were 7-3-3 with Fireball 5. The evening Pick-3 drawing was 1-3-9 with Fireball 7. Pick-3's straight payout on a $0.50 wager is $250.

"Green Ball delivers great opportunities and excitement to our players, and we are thrilled that our Pick-3 players found luck in 2-2-2. Congratulations to all the winners on their big payouts," said Executive Director James Carey. "We encourage all players to keep playing and trying their luck with this exciting game."

The Green Ball promotion remains in effect for Pick-3 through November 29.
